

School of Hope Lunch Policy:

Due to the diet intricacies of students who are on the Autism Spectrum, the School of Hope does not provide lunch for its students. Therefore, students are required to bring their lunch daily.

In addition, some of our students have severe nut allergies and being around those items containing nuts could cause serious harm to those students. Therefore, the School of Hope does not allow nuts, or food that contain nuts, to be brought to school for lunch, parties, etc.

We ask that parents help us with making sure no food or snacks containing nuts are brought in by students.
